

SiLC Champion

The SiLC (Specialist in Land Condition) PTP (Professional and Technical Panel) is seeking to contract a 'Champion' to lead on the future promotion and development of the SiLC scheme. The Scheme was established to recognise and register professionals with expertise in the land condition sector.

The successful applicant will have knowledge of the land condition and brownfield sector, be able to lead discussions with key stakeholders and prepare bids for funding to further develop the scheme. He/she should have knowledge of the SiLC scheme, and may be an existing SiLC.

This opportunity would suit a person with an active interest in the sector who can see the value and need to support and promote professional standards in relation to land condition. The SiLC PTP will be responsible for agreeing and monitoring the work programme of the SiLC Champion.

This post is on a fixed term service contract basis with one year duration. The contract makes provision for up to 40 working days payable at a rate of £300 per day (plus expenses).

Please send a covering letter and a CV, marked private and confidential, to Claire Lea, Director of Membership Services at IEMA, St Nicholas House, 70 Newport, Lincoln, LNI 3DP or e-mail c.lea@iema.net. Applicants should set out their view of how they might approach the role of SiLC Champion within the covering letter.
